EXPERIENCE

Automation Consultant

Lehi, UT

SOLVD.cloud (AI & Salesforce Consulting)

Sep 2025 – Present

- Built Salesforce automations with Flows and validation rules, reducing manual workload and lowering data-entry errors for sales teams
- Configured Revenue Cloud (CPQ) to streamline quoting and pricing, measurably improving sales team speed and deal execution up to 25%
- Partnered with client stakeholders and an offshore team to redesign a quoting workflow in Salesforce, cutting user errors and reducing quote creation time for a sales team of 20 users

IT Computer Support Specialist

Provo, UT

Brigham Young University (Department of Physics and Astronomy)

Mar 2025 – Present

- Delivered technical support to 100+ students and faculty, resolving software, hardware, and network issues using Active Directory/Intune, Jamf, and diagnostic tools
- Led initiative to formalize IT knowledge base, reducing repeat support requests and improving onboarding for new student employees
- Automated device inventory processes, removing inactive devices and users from Active Directory to improve system accuracy and security hygiene by 10%

Direct Support Professional

Orem, UT

Danville Services of Utah (Healthcare and Social Services Provider)

May 2024 – Jul 2025

- Supported individuals with intellectual disabilities in developing independent living skills
- Ensured reliable device access by resolving connectivity, hardware, and internet issues in real
- Monitored key behavioral indicators and translated observations into actionable reports for care workers

Volunteer Representative

Richmond, VA

The Church of Jesus Christ of Latter-day Saints

Mar 2022 – Mar 2024

- Trained and coached 150+ volunteers in teaching, communication, and leadership skills
- Designed and implemented a new digital reporting system that increased key indicator performance by 30%
- Performed community service on a weekly basis including hospital visits, food pantry help, and needs of families
